Certifications

Meta Front-End Development Course

Remote

META FRONT-END DEVELOPER PROFESSIONAL CERTIFICATE

- During the certificate program, I acquired a solid foundation in HTML, CSS, and JavaScript, the building blocks of web development.
- I delved into advanced front-end development by mastering React, a popular JavaScript library for building dynamic and interactive user interfaces.
- The program introduced me to user experience (UX) design principles, allowing me to create web interfaces that are intuitive, user-friendly, and aesthetically pleasing.
- I became proficient in using Git and GitHub, enabling efficient code versioning, collaboration, and project management.
- As a testament to my proficiency, I earned the "[Meta Front-End Development Professional Certificate](#)," which showcases my skills in front-end development.
